

Face-to-Face Executive Roundtables

Cultivate Relationships with Leaders

Exclusive to our Gold and Silver sponsors, *Public CIO's* Executive Roundtables are a premium content and networking solution that gives you unfiltered access into the pressing business and technology issues a target jurisdiction faces.

Eight to twelve CIOs and other public-sector leaders are hand-picked and invited to ensure a high level of exclusivity and productive dialogue. Moderated by a senior-level *Public CIO* executive, your company will be positioned as a trusted partner among other industry leaders, and seamlessly integrated into the conversation throughout the event.

You will leave the event with a sharper perspective on your customer's immediate needs, as well as full contact information to help translate these quality leads into business relationships.

Snapshot of High-Profile Attendees:

- Administrator for eGov and IT, U.S. Office of Management and Budget
- CIO, U.S. Department of the Navy
- Deputy CIO, U.S. Department of Defense
- Deputy Commissioner, Massachusetts Department of Revenue
- CIO, U.S. Department of Education

- CTO, Georgia Technology Authority

Customize Your Next Government Event

Public CIO will leverage our vast state, city and county relationships to bring a turnkey, custom approach to the table, adding value by involving our own content experts to attract an audience with a high interest in your specific topic. Several options will give you a speaking opportunity to help you firmly establish the depth of your expertise.

Our custom events solutions are unique to a multi-sponsor format because, as the exclusive industry sponsor, you pick the event format, you choose the jurisdiction and you own the room as the only vendor presence.

- Executive Roundtables
