FAQs

FREQUENTLY ASKED QUESTIONS

Can I call this number?

No. You can only send text messages to **50464**. You can call **313-933-1300** for general information about DDOT routes and schedules.

Will this cost me money?

There is no charge for this service, but standard carrier text messaging rates may apply.

Is this the same as a bus schedule?

Even better — this is a new service that accesses information about where buses are in real-time. The time estimates will accurately predict when the next bus will arrive.

Does this work on ANY cell phone?

Yes, the service will work on any cell phone with text messaging capability. (Some text message settings block short codes. Check with your carrier if you have a problem.)
