

What are your Texas public-sector customer acquisition and retention plans?

# Delivers Customers

Our breadth of connections with the Texas IT leadership is a direct reflection of our long-term relationship with the state. This partnership has culminated in the largest and most qualified group of prospects you need to reach to successfully brand and sell your solutions.

Mailed quarterly, in print and electronically, to more than 25,000 Texas buyers and influencers, *Texas Technology* engages those responsible for funding, buying and deploying multi-million dollar technology investments across the state, local and education sectors.
